

GO LIVE IN RECORD TIME

Turnkey Solutions for Ultra-Fast Image Management

Unrivaled Service and Support

Get on the fast track to digital imaging with Viztek. Our full range of state-of-the-art software and hardware solutions is backed by one of the most skilled, dedicated and experienced support teams in the business. We'll fine-tune your technology to meet your specific needs and have it up and running in record time. And we'll keep it that way 24/7, as part of our commitment to unrivaled service and support.

Advanced Opal-RAD PACS and RIS

More than 1000 sites worldwide rely on Viztek's Opal-RAD PACS and RIS suite to shift their workflow into high gear. Our advanced, fully integrated Web-based solutions rely on a single database and Microsoft.NET architecture for peak performance.

Easy, Fast Conversion

The road to digital can be faster, easier and more affordable than ever before. Talk to the Viztek team today.
