

Your Practice. Your Preference.  
Your Productivity Solution.

## ANYWHERE, ANYTIME mammo viewing

Viewing mammography images has never been easier. Viztek's Mammography viewing capabilities integrates seamlessly with any DICOM Compliant PACS. Viztek's Mammo PACS eliminates the need for a separate mammo workstation. The Mammo PACS accepts images from all modalities allowing for optimal practice workflow. With superior image quality and advanced secure accessibility, Viztek's Mammography PACS solution is ideal for any practice.

### Web-based PACS

Viztek's Opal PACS allows for safe and easy access to images over the internet. Dedicated Mammo tools and images are available anytime, anywhere.

### Stand Alone Mammo or Multi-Modality Workstation

Viztek's Mammo Viewer is available as a stand alone workstation or may be integrated with any PACS using standard DICOM Q/R, allowing for display of images from any modality.

### Drive Your Business

Our technology is leading edge. Our support and upgrade policy are state-of-the-art. Make your move into the digital world easily and affordably with Viztek.

# OPAL-MAMMO
